To the Center for Scientific Review:

I am writing in reference to the enclosed application entitled XX submitted in response to Funding Opportunity Announcement: PAR-18-714 (Academic Research Enhancement Award for Undergraduate-Focused Institutions Program). With this letter, I am attesting that:

- Dr. XX holds a primary appointment as XX Professor in the Department of XX at Worcester Polytechnic Institute (WPI); the department is part of the School of Arts and Sciences at our institution;
- Both WPI as a whole Institution, and its School of Arts and Sciences (A&S), have more undergraduate enrollment than graduate student enrollment at the date of submission, and XX holds a primary appointment in A&S.
- At the time of this application's submission, all of WPI's non-health professional components have not received support from the NIH totaling more than \$6 million per year in four of the last seven years,

Thank you for your consideration of Dr. XX proposal.

Sincerely,
